

# BULLYING

## POLICY

### **Definition:**

A person is bullied when someone, or a group of people, deliberately upset or hurt another person or damage their property, reputation or social acceptance repeatedly. There is an imbalance of power in incidents of bullying with the bully or bullies having more power at the time due to age, size, status or other reasons.

### **Rationale:**

- The school will provide a positive culture where bullying is not accepted, and in so doing, all will have the right of respect from others, the right to learn or to teach, and a right to feel safe and secure in their school environment at all times.

### **Aims:**

- To reinforce within the school community what bullying is, and the fact that it is unacceptable.
- To alert everyone within the school community of the signs and evidence of bullying and to ensure bullying is reported to staff whether a person is an observer or a victim.
- To ensure that all reported incidents of bullying are followed up appropriately.
- To seek parental and peer-group support and co-operation at all times.

### **Implementation:**

- Bullying may consist of physical harm, harassment, verbal insults or hurtful remarks, or actions designed to hurt somebody's reputation, social standing or to cause humiliation. Bullying may be carried out directly or indirectly, and may include the use of digital technologies such as social network sites, websites, on-line chat rooms, text messages and emails.
- Our school has adopted a zero tolerance position on bullying.
- Our school will combat bullying by providing a safe, secure and stimulating learning environment based on the E-Smart program and the values of respect, honesty and tolerance; three of our core values.

### **We have adopted a four-phase approach to bullying:**

#### **A. Primary Prevention:**

- Professional development for staff relating to bullying, harassment and proven counter measures.
- Each classroom teacher to clarify with students the definition of bullying, types of bullying, as well as the consequences and impact of bullying.
- Community awareness and input relating to bullying, its characteristics and the school's programs and response, complemented by clear processes for reporting suspected bullying.
- The provision of programs that promote inclusiveness, resilience, life and social skills, assertiveness, conflict resolution and problem solving will form an integral part of our curriculum. Children will be encouraged to be assertive and not be a bystander to bullying.
- A bullying survey to be administered and responded to annually.
- The Restorative Practices approach is reflected in all areas throughout the school.
- Anti-bullying messages and posters will be displayed around the school.
- Teachers will be trained in E-Smart. E-Smart awareness programs will be provided for parents and E-Smart will form part of each child's ICT curriculum.

#### **B. Isolated or Infrequent Incidents:**

- All instances of suspected bullying or inappropriate behaviour must be responded to by staff.

- Parents are encouraged to contact the school if they suspect a bullying or behaviour problem.
- The school will reinforce with children the importance of appropriately reporting incidents of inappropriate behaviour involving themselves or others, and the imperative that staff respond appropriately and proportionally to each allegation consistent with the school's Student Code of Conduct, including the proper reporting and recording this on the student incident data base.
- Parents will be contacted if their child is alleged to have been bullied or experienced inappropriate behaviour, or if their child appears to have behaved inappropriately or bullied someone else.
- Restorative Practices circle time will occur in each class where necessary.

**C. Repetitive or Serious Incidents:**

- Serious incidents and/or repetitive incidents of bullying or unacceptable behaviour must be reported, responded to by staff and documented.
- Serious incidents are those that include physical assault, sexual assault, criminal activity involving theft or serious damage of property, serious threats or homophobic bullying etc.
- All such incidents or allegations will be properly investigated and documented. Depending upon the nature of each incident, they may be also be reported to and investigated by police, reported to the Student Critical Incident Advisory Unit, and/or reported to the Department's Emergency and Security Management Unit.
- The school may contact support professionals such as Welfare officers, Welfare coordinators or Councillors and/or Student Support Officers for assistance and support.
- Students and staff and parents identified by others as bullies will be informed of allegations.
- Both bullies and victims will be offered counselling and support.
- All repetitive or serious incidents must be brought to the attention of the principal of the school.
- The most appropriate staff member will contact parents of the targeted child. The principal or delegate will contact alleged perpetrators unless advised by police, etc. not to do so.
- Regional office will provide support as appropriate, and the principal will monitor the investigation and review the situation until matters are appropriately resolved.
- Consequences of repetitive or serious incidents may include criminal charges, suspension, expulsion, loss of privileges, counselling, conciliation or any other consequences consistent with the school's Student Code of Conduct.
- A management strategy for all parties will be developed in consultation with the students and parents involved.
- Parents or community members who bully or harass or abuse staff will be provided with official warnings, and if necessary referred to the police, and/or have Trespass restrictions placed upon them by the principal consistent with the Summary Offences Act.

**D. Post Incident:**

It is important that appropriate strategies are put in place after the incident has been resolved for all students involved. Appropriate strategies may include:-

- conciliation meetings between all parties
- ongoing monitoring of students involved.
- identification of an agreed key contact staff member for each student involved.
- follow-up meetings regarding each child's management strategy.
- ongoing communication with parents.
- counselling from appropriate agencies of support officers etc for both parties.
- reinforcement of positive behaviours and appropriate behaviour strategies.

**Evaluation:**

This policy will be reviewed as part of the school's review cycle.

This policy was last ratified by School Council on....

**August 2017**
